AN EVENING AT THE RACES

Five Custom Horse Races – 6 horses per race

Each horse owned by an event guest

Race Programs, betting tickets for the betting windows, odds calculation sheets for the odds board and when the announcer calls the race, it sounds just like you're at the track!

As your guests arrive, they will each receive a custom race program and \$3000.00 of fun money to wager at the track! At the end of the last race, your guests will cash in the fun money they have left for prize tickets. Your guests will be really impressed when they look at the race program and see their horse's name and watch it racing on the screen. Your guests will clutch their betting slips and go wild cheering for their favorite horse and the professional announcer calls the race in true track form. The excitement of the horse racing, some music and the prize draws all add up to the festive atmosphere that will hold your guests at the party or event until the very end. It makes for an exciting, fun-filled evening of entertainment they will always remember.
